Where in Wisconsin Are Edna and Her Bad Guys?

Help!! Edna and her Bad Guys have been up to no good here in Wisconsin! It's up to you to catch them!

Bring in reading minutes to "travel" on the Wisconsin map. As you pass by each of 16 selected cities, you collect a clue about a varmint who committed a crime in our great state. After you have 5 clues, you may guess which horrible henchman is your culprit. You may guess again after 10 clues and finally after 15 clues you will succeed!

Eight cruel crimes have occurred. You will begin by solving one of them. You may catch more than one criminal by moving on to the other evil deeds as you solve each crime.

Dear Parents,

  We would like our students to be reading at home as well as here at school. The benefits are many, including:

- The more we read, the more fluent we become.
- We may begin lifelong habits of reading for fun.

  In our program to reward reading at home, we ask you to record your child's reading minutes. Please include any time spent reading silently or reading aloud. Perhaps you want to set aside time for family reading, or your child may read before going to bed at night, or other times that work for you. (Some kids read in the car!)

  When we begin our unit on Wisconsin, the students will convert their minutes to miles and "travel" all over the state!

Sincerely,

Reading Challenge
