NATIONAL REGISTER NOMINATION PREPARATION

GENERAL INFORMATION ON NOMINATION PREPARERS

The names on the attached list are provided as accommodation. You should not consider this list a recommendation. The Wisconsin Historical Society (WHS) cannot guarantee that the named parties will produce a satisfactory nomination in a given case. Your selection is not limited in any way to this list. There are others who can prepare adequate and complete National Register nominations.

Any consultant you hire must understand that by submitting a nomination packet to the State Historic Preservation Office (SHPO) the consultant acknowledges that the SHPO shall have the final edit on all State and National Register materials. SHPO shall have the final authority to reproduce, alter, modify, publish, and display all nomination content as necessary in the opinion of SHPO, to conform to and comply with the requirements and standards of the WHS and the National Park Service.

This list is comprised of consultants who have independently prepared at least one complete National Register nomination that has been approved by the State Historic Preservation Review Board during the past five years (since December 2021). Consultants who have prepared nominations in other states during this period may be placed on the list if the Division approves materials submitted for this purpose. Additionally, the consultant or firm has attended SHPO consultant's training at least once in the past two years.

Individuals or groups hiring National Register nomination preparers should seek estimates from at least two preparers. Before retaining a preparer, the sponsor of a nomination should enter into a comprehensive contract with the preparer that details the expected work product and performance standards. A sample of such a contract is also attached. See our web site for additional information at www.wisconsinhistory.org

ELEMENTS THAT SHOULD BE CONSIDERED PRIOR TO SELECTING A

NATIONAL REGISTER NOMINATION PREPARER

Has the consultant prepared successful nominations and has personally presented them to the State Historic Preservation Review Board (i.e., nominations that were subsequently listed in the National Register)?

Is the consultant aware that WHS promulgates supplementary guidelines in addition to the guidelines specified in the federal publication [How to Complete National Register Forms](#)?

Is the consultant willing to sign a contract that addresses the products of the nomination package, the guidelines that must be followed, a schedule for completion, additional research that may be necessary after the review board has acted upon the nomination, fees, and the depository of nomination products?

Before entering into a contract with a nomination preparer, we recommend that you:

- Discuss the nomination with at least two nomination preparers
- Ask to see copies of successful nominations that the preparer has completed
- Establish the fee

Sponsors of the nomination should be aware that nominations cannot be scheduled for a meeting of the State Historic Preservation Review Board until the State Historic Preservation office receives a complete nomination package.

The following items must be submitted:

1. One electronic copy *and* one paper copy of the National Register 10-900 nomination form. A copy of the form may be found at: <http://wihist.org/NR-Form>

2. One electronic copy *and* one paper copy of a 200-300 word summary of the importance of the property.

3. An USGS quadrangle map for each nomination and prepared in the standard method required for National Register nominations.

4. One commercially printed set of digitally produced images and associated disk. Digital images must be produced and the disk and prints must comply with best practices guidelines set forth by the National Park Service in the National Register Photographic Imaging Policy:

https://www.nps.gov/subjects/nationalregister/upload/Photo_Policy_update_2013_05_15_508.pdf. Prints must be 5" x 7" or 4" x 6". Photos should be labeled on back with a pencil. (A soft 5B pencil works well.)

5. A PowerPoint presentation for the Review Board meeting. The presentation should be compressed and submitted on a CD with the nomination packet.

6. Individual image files from the nomination and the PowerPoint for upload to the Architecture and History Inventory (AHI) record. Image files should be in JPG format at a minimum resolution of 300 DPI and a minimum width of 2000 pixels on the longest side. This should result in a file size of around 7 MB. The individual image files should be labeled with the AHI number and descriptive detail (if necessary).

7. Attachments, exhibits, figures, floor plans, and site plans, as necessary. All must be labeled with full property/site name and location. All maps and plans should also contain a scale and a North arrow.

8. A site map with a photo key for all historic districts and for properties with multiple resources.

If you have questions about the preparation of a National Register Nomination or the selection of a nomination preparer, you may call the SHPO at (608) 264-6502.

By submitting a nomination packet to the SHPO the consultant acknowledges that the SHPO shall have the final edit on all State and National Register materials. SHPO shall have the final authority to reproduce, alter, modify, publish, and display all nomination content as necessary in the opinion of SHPO to conform to and comply with the requirements and standards of the Wisconsin Historical Society and the National Park Service.

*The Sponsor agrees to pay the consultant the sum of \$ _____ for the work according to this schedule:
