Wisconsin Council for Local History

2024 Mini-Grant Guidelines and Application Instructions

Thank you for your interest in applying for a mini-grant. The mini-grant program is a joint initiative of the Wisconsin Historical Society and the Wisconsin Council for Local History.

Please carefully review these guidelines and instructions before starting your application.

Purpose: The mini-grant program aids affiliated historical societies in fulfilling their missions in the areas of collections care and management.

Categories: Mini-grant categories are listed below. A project may fit within more than one category:

Archival Supplies	Digitization Equipment	Conservation Supplies
Collections Mgmt Software	Climate Control	Training
Storage & Shelving	Computer Hardware	

Eligibility: All organizations affiliated with the Wisconsin Historical Society, regardless of location, membership levels, or budget size, are invited to apply. Affiliates must be in good standing and current in filing an annual report with the Wisconsin Historical Society. If you have any questions about eligibility, please contact Local History Outreach staff before completing your application. (See contact info on page 2.)

Evaluation: A three-member panel composed of members of the Wisconsin Council for Local History reviews applications and selects grant recipients. The process is competitive, so it is important to fill out the application form and W-9 form completely.

All applicants are strongly encouraged to consult with Local History Outreach staff before applying. Those submitting applications for newspaper digitization projects must contact Local History Outreach staff before submission. Please send drafts for review **by May 1, 2024**. Previously unsuccessful applicants are urged to work with staff to improve their applications.

Grant Amounts and Matching Funds: The maximum grant award to any applicant is \$700. As indicated in the application form, grant awards **must** be matched on a 1:1, dollar-for-dollar basis.

Examples of ELIGIBLE project activities and expenses include:

- Collections Management software, associated add-ons, upgrades, and technical assistance
- Fees and/or travel expenses for workshops or training on collections care and management.
- Hardware to improve collections management, for example a scanner, digital camera, laptop or computer, or external hard drive (must be for collections-specific activities, not general office use)
- Purchase of acid-free boxes and folders to house archival materials
- Purchase of supplies to create appropriate museum-quality storage for textiles
- Acquisition of a dehumidifier for improved climate control
- Acquisition of a HEPA vacuum to appropriately clean artifacts and exhibits
- Monitoring equipment for collections storage, including water detectors and light meters
- Equipment for collections storage such as map cases or shelving

Examples of projects and expenses NOT ELIGIBLE:

- Projects with no connection to the care and management of museum or archival collections
- Capital (building) projects such as the construction of storage areas, ramps, building repairs, or improvements
- Publications or books
- Exhibit or display materials, cases, or fabrication (unless the project directly addresses some type of collections care problem like lighting or textile care within an exhibit)
- Security cameras or security-related materials in museum and exhibit areas
- Previously purchased supplies, equipment, or other expenses already incurred
- Staff or contract employee salary or fringe benefits
- Value of services provided in-kind

The examples of eligible projects and expenses listed above are meant to provide ideas and guidance. If your organization is considering a project related to collections care and management that is not listed above, please contact the appropriate staff member to discuss the project.
