Who We Are
The Wisconsin Historical Society is the state’s memory and premier storyteller. We make major contributions to Wisconsin’s economic, educational and cultural health, and are stewards of a nationally recognized historical collection. We have a national impact through innovative initiatives and programs.

Our Value
Our programs, historic sites, museums, and world-renowned collections, library and archives inform and entertain while also challenging the public to think critically about their place in history. We promote Wisconsin tourism and our historic preservation program reinvigorates neighborhoods. We believe that increasing the public’s knowledge of history has profound societal, cultural, and economic benefit.

WISCONSIN HISTORY CENTER:
Building America’s Next Great History Attraction

- **35% design** of the history center approved by the State Building Commission.
- **$112 million** in funding included in the 2023-2025 biennial state budget after approval by the Joint Committee on Finance, Legislature, and Gov. Tony Evers.
- Surpassed **$40 million in private contributions** ($1.8 million in FY23).
- **Revealed the first architectural renderings** to great public and donor enthusiasm.
- **Held over 50 consultations with over 700 people** across the state and established several advisory councils (including Native Nations, Disability Community, and PK-12 Educators) to ensure a wide range of perspectives are included in planning.
- **Moved over 2,500 artifacts** from the Wisconsin Historical Museum and transferred them to the State Archive Preservation Facility to pave the way for demolition of the old museum and construction of the new history center.
- **Completed blocking and massing** of the building and worked with the City of Madison and other stakeholders to refine the design and gain support.
