

## Legends and Lore Tips for a Spooktacular Evening!

- **Dress for the weather!** The event will happen rain or shine.
- **Traveling light will make for an easier night.** Strollers and wagons are sometimes tricky to maneuver in the dark and do not always fit in our historic buildings.
- **Bring cash for snacks** and warm drinks from our food tent located in the Village Grove.
- **Bring a flashlight to help guide your way.** When you arrive you will get a map and a schedule of everything going on, but it is dark out and not every area will have bright lights.
- **Join the Night Parade.** At 8:30 each evening we will gather for a spooky bonfire story and then, led by The Undertaker, parade out of the village.
- **Leave masks and pets at home.** With so much going on, we want you to see it all and stay safe, so please leave any masks that cover your face at home. And with all the keening spirits wandering the grounds, your furry friends are best left safe at home.
- **Make a plan.** There is a lot going on in the dark of the village, if you should get separated from your group, take advantage of some well-lit areas that serve as Reunion Points for guests. Plan to meet at Four Mile Inn (in the Village) or Ramsey Barn (at the main entrance) to reunite with your group.
