*Photographs

Please submit clear, recent photographs that show all sides of the exterior of the structure, views of the interior of the structure, and all associated outbuildings. The **photographs cannot be returned**, but will become a permanent part of our site records. Please reference the last page of this questionnaire for instructions for submitting digital photograph files on a CD.

* Properties with more than one building (for example: farmsteads, industrial complexes, religious complexes)

Please include photographs of all buildings and structures that make up the complex. The images should be keyed to a sketch map that indicates the relative relationship of the components. When known, dates should be provided for all of the buildings. Please indicate what buildings that once formed part of the complex have been lost over time.

*Map

Please draw a simple sketch map of the lot on which the property is located. Include all structures, adjoining streets, and other major features. Photographs of the buildings should be keyed to this sketch. If the property is rural, please submit a plat map, county map or other detailed map and precisely mark the location.

Photograph Information Sheet

Please submit photos with your National Register Questionnaire.

TAKING PICTURES

Photos can be taken with either a digital camera or with a camera that uses film. Disposable cameras are acceptable. **No** Polaroids or video tapes.

- They should be **recent** and **clear** photos.
- If you are using a digital camera, set it to the **highest quality** possible.
- **Stand back** far enough that you can see the whole building from top to bottom in one photo.
- If there are multiple buildings on the property (as with a farmstead), please photograph each building **separately**. Include a **sketch map** of the property and key the photographs to this map.
- Photograph every side of each structure.
- Interior photos are also very helpful. Photograph defining features of the house (i.e. fireplaces, staircases, built-in furniture, decorative trim). It is not necessary to photograph every room.

SUBMITTING THE PHOTOS

1. As a set of standard size, commercially-produced prints, printed at a store.

OR

2. Saved to a disk. Submit the **disk and print-outs** of each photo. Print-outs can be done at home on standard printer paper.

- Save the images to a disk as a **high quality jpeg**. Use the file name to describe the photo (i.e. front of house, back of barn, second floor staircase in main house).
- **DO NOT** crop or resize the images prior to saving them to a disk.
- After saving them to a disk, make sure the disk is “closed out” so that it **can be read** on other computers. Also try closing and reopening the disk to make sure the photos were successfully burned.
- Remember to **include a hard copy** of the photos. You can print them out on your home printer on regular printer paper.
